April 11, 2022

The Board of Directors of the Utah Chapter of The National Emergency Number Association is proud to present the award for Communications Center of the Year to the Millard County Sheriff’s Office Communications Division during National Public Safety Telecommunicators Week 2022.

Millard County Sheriff’s Office dispatchers are recognized for their incredible efforts to serve the public. In addition to their sprawling rural jurisdiction, they field many calls for a busy stretch of Interstate 15 before relaying the information to the Department of Public Safety Richfield Communications Center. MCSO dispatchers are thorough and tremendously helpful in every incident they are involved in. They recognize when backup or other assistance is needed before their neighboring centers even request it.

Millard County Sheriff’s Office also played an integral role in properly handling the major I-15 Fatal Dust Storm that occurred on July 25, 2021. Without their quick thinking and the exceptional multi-tasking abilities of their on-duty dispatchers that day, the situation would have been far more deadly for both citizens and responders.

Millard County dispatchers have proven themselves to be heroic and exceptional at what they do and are held in high regard.

Thank you, Millard County Dispatchers, for your outstanding performance and your continued professionalism and dedication to your community, first responders, and the 9-1-1 profession.

Sincerely,

The Utah NENA Board of Directors
Spencer Harrison, President
Jennifer Coffman ENP, 1st Vice President
Annalee Stoker, 2nd Vice President
Whitney Rogers, Immediate Past President
Rebekah Johnston, Secretary
Brian Gordon, Treasurer
Mindy Catterson, Training Chair
